

Accessories

Although our models are highly detailed and ready to run straight from the box we also supply optional accessories to be fitted by the owner if they wish. Some of the accessories should only be fitted for static display as they may affect coupling or running quality, these parts will be labelled as such below.

fig.1

- 1 Brake Pipe*
- 2 Main Reservoir Pipe*
- 3 Dummy Coupling Hook
- 4 Electric Train Heat (ETH) Socket
- 5 ETH Cable

* Only fit if Standard Coupling has been removed.

Please note: PVA based adhesive should be used for the fitting of accessories. This allows for the removal of an accessory without damaging the model.

Please note: This model has been designed to run on curves of **no less than 2nd Radius (263.5mm)**.
